Your business is growing and you know you need more help, but what are you committing yourself to when you become an employer?

Delivered by Employment Law specialists, we will help you understand:

- your obligations under the National Employment Standards (NES), Modern Awards and workplace agreements;
- why it is important to develop and implement key policies, and which ones to address first;
- identify the key areas you need to be aware of when you take on an employee.

Join us to learn how to protect yourself and your business by getting it right with your employees and keep your team on the right track as you grow.

A one-to-one follow up meeting is provided to assist you further and embed the ideas/principles as part of the workshop. Please book with the Business Adviser at the workshop.

Cost of workshop is \$25. Registrations are essential.
